History/Background:

Existing Policy: KRS 156.160(3) provides that any “private, parochial or church school may voluntarily comply with curriculum, certification, and textbook standards established by the Kentucky Board of Education and be certified upon application to the Board by such schools.”

At the September 1992 meeting, the Kentucky Board of Education approved a process to certify non-public schools. The Board certifies schools by accepting the recommendations of the Kentucky Non-Public Schools Commission. The Kentucky Non-Public Schools Commission ensures that the schools being presented to the Board for certification have successfully completed the accreditation process of one of the ten state, regional or national accrediting agencies approved for this purpose by the Board.

Staff Recommendation(s) and Rationale(s):

Staff recommends endorsing the recommendations for certification of the Kentucky Non-Public Schools Commission for all submitted non-public schools.

The Kentucky Non-Public Schools Commission has worked closely with the Kentucky Board of Education and the Kentucky Department of Education to establish the certification process for non-public schools. The Commission has appointed a coordinator for the project and monitors the process carefully before making the recommendations presented here.

The schools listed above have successfully completed the accreditation process conducted by the Kentucky Non-Public Schools Commission, Association of Christian Schools International, Association Montessori International, American Montessori Society, International Christian Accrediting Association, Independent Schools Association of the Central States, North American Division of Seventh-Day Adventists, and the Southern Association of Colleges and Schools.

Groups Consulted and Brief Summary of Responses:

The Kentucky Non-Public Schools Commission recommends certification for the schools listed for the designated periods of time.
